Film Screening and Book and Film Discussion with Prof Annie van den Oever (Rijksuniversiteit Groningen & UFS), Prof Jonathan Jansen (Rector, UFS) and Dr Johann Rossouw (Department of Philosophy, UFS)

The speakers will discuss questions related to the dissemination, function, experience and development of media technologies to get a grip on their use and impact on societies, economies, cultures, education and every-day life.

Film: *The lives of others/Die Leben der Anderen* (Berlin 2006). Director: Florian Henckel von Donnersmarck.

Book: *Technē/Technology. Researching cinema and media technologies – their development, use, and impact*. Van den Oever (ed., 2013). Amsterdam University Press.

Refreshments will be served.
